The 9 good reasons to choose the system

TERRASSTEEL®

- 1** The **All terrain** solution

 - > On existing slab or tiling
 - > On rough, uneven ground
- 2** **Quality materials**

 - > Galvanized steel, 10-year anti-corrosion warranty
 - > Manufactured production
- 3** **Anti-torsion system**

 - > No structure deformation
 - > No rising humidity
 - Permanent ventilation
 - > Durability of the works
- 4** **Unique resistance**

 - > Self-sustaining system sustaining 1,100 lbs/m²
- 5** **Easy operation**

 - > Laying guide for a constant spacing between the rails
 - > 1 to 23 cm adjustable stud
- 6** **Fixing accessories**

 - > Sabot or angle iron for wall fixing
 - > Connector for bearing Omega
 - > Profil and finish vertical Accessories.
- 7** **Specific tools**

 - > Use of a nibbler for cutting without projection, low-noise and preserving galvanization
 - > Self-drilling screws (steel or stainless)
- 8** **Multi-decking**

 - > Wood decking
 - > Compatible with major brands of composite.
- 9** **Patented System**

 - > French manufacturing
 - > Controlled quality
